wilfredguerin: how is howard schmidt?
wilfredguerin: http://twitter.com/lzr9
wilfredguerin: first url video
me: got busy with trapwire issue, trying to make use of this window, but will be reading on this next week
wilfredguerin: walmart is the highest system in the mix
wilfredguerin: walmart, gas stations, and longs/cvs
wilfredguerin: they provide TIPS.gov everything that is used at lower $, such as TSA/etc
wilfredguerin: tips/TIA are same root
me: any documentation on that?
wilfredguerin: this was discussed thoroughly in the mid-late 1990s
wilfredguerin: optimal source of general popular information, consumer information, is the consumer
wilfredguerin: see also "cia open source" aka google maps
wilfredguerin: -- let your victim put all their exploits and data in the system themselves
wilfredguerin: cheaper
wilfredguerin: the argument was that tracking product is fine, but retaining "personal;ly identifying data" such as gait, was illegal
wilfredguerin: aka stealing walmart trsh
wilfredguerin: TIA and related systems, introduced long before 2001, were the WAY-OUT to implement the systems under false guise
wilfredguerin: -- which is why you are forced to have a supermarket ID card
wilfredguerin: okc/anfo and METH were tracked for two decades prior 2000
wilfredguerin: remember, DEA is a CIA front
wilfredguerin: and a long existing context of war, not civil
